

Duuo Event Insurance:

Frequently Asked Questions

Why do I need insurance for my rental?

Event insurance is purchased to cover an event host's liability in case of an accident. Not to mention, a quick, low-cost event insurance policy gives you the peace of mind you need to focus on all the other items on your event planning to-do list!

What does Duuo Insurance cover me for?

- 1 Event Liability:** Covers you if a claim is made against you for unintentionally causing bodily injury or property damage during your event.
- 2 Tenants' Legal Liability:** Provides coverage in case you unintentionally cause damage to your venue.
- 3 Medical payments:** Designed to cover the cost of medical expenses needed for causing an accidental injury.
- 4 Host Liquor Liability:** This is an add-on to our existing policy. It provides coverage for hosts that are having alcohol at their event.

Does having insurance open me to more liability?

Every event host is open to liability regardless of where they are hosting their event. However, not having an event insurance policy means there's no protection offered to them. This is why having an insurance policy in place is so important! It protects the event host so they can continue renting the space knowing they're protected.
