## DURHAM ROAD SUBDIVISION ELECTRICAL SERVICING

## MUNICIPALITY OF WEST GREY

Contract No. 26-10126-01

**SECTION A****INFORMATION FOR TENDERERS****IT 1. PREPARATION OF PLANS AND SPECIFICATIONS AND SUPERVISION OF WORK**

- .1 The plans and specifications for the Work have been prepared by the Engineer, **COBIDE ENGINEERING INC.**, who will, pursuant to GC 3, inspect and monitor the Work to be done under the Contract.
- .2 Questions with respect to this Tender are to be directed to **Mr. Travis Burnside, P.Eng.**, the Project Manager for the Engineer, at (519) 506-5959, Ext. 101.
- .3 Should a Tenderer find discrepancies, omissions, or ambiguities, or not agree that the materials and methods specified or designed will provide an installation which meets the requirements of the intended Work, the Tenderer shall notify the Engineer prior to the Tender opening date. The Engineer may choose to issue a written addendum. Addenda issued during the tendering period shall be allowed for by the Tenderer in submitting the Tender. No oral interpretation made by the Owner or the Engineer will be effective to modify any aspect of the Contract Drawings, Specifications or Documents.

**IT 2. EXAMINATION OF SITE**

- .1 The Tenderer shall visit the site of the Work before submitting a Tender, and shall make its own estimate of the facilities and difficulties that may be encountered and of the nature of the subsurface conditions. The Tenderer shall not claim at any time after submission of the Tender that there was any misunderstanding of the terms and conditions of the Contract related to site conditions.

**IT 3. HARMONIZED SALES TAX**

- .1 The Total Tender Price shall include all Government custom duties and excise taxes applicable at the time of execution of the Contract.
- .2 The unit prices shall not include the Harmonized Sales Tax. The applicable amount of Harmonized Sales Tax for the entire Contract is to be entered as a separate item on the Tender Summary Page.

**IT 4. ITEMS**

- .1 The parts of the Work have been divided into items, in order to enable the Tenderer to tender for the different portions of the Work in accordance with the Tenderer's estimate of cost for each item. The intent is that for each item of Work, the actual quantity executed may be paid for at the rate stated for that particular item of Work in the Form of Tender, subject to the basis of payment set out for each item in the Contract Documents.

- .2 Without limiting the generality of the foregoing, the Tenderer's attention is specifically directed to GC 8.01.02.

**IT 5. PROVISIONAL ITEMS**

- .1 When it is expected that certain specific items of Work may be required during the course of construction, but the exact requirements of those items of Work will depend on ground conditions or other uncertain factors encountered, such items are shown in the Form of Tender as Provisional Items. The quantities may vary significantly, or the item may not be used at all, at the sole discretion of the Engineer. The Tenderer shall price these items accordingly and shall not claim any anticipated loss of profit or increased overhead if any or all of these items is deleted altogether, or the quantities are significantly amended.

**IT 6. CONTINGENCY ALLOWANCES**

- .1 Where the Owner and/or Engineer considers it advisable, under the circumstances of the Project, to provide additional lump sum allowance(s) to pay for Work which is completely unforeseen, such allowance(s) are reflected in the Form of Tender as Contingency Allowance(s). The Contractor is not entitled to payment from such allowances except for extra or additional Work carried out by the Contractor in accordance with the Contract and only to the extent of such extra or additional Work as authorized in advance by the Engineer in writing.

**IT 7. RIGHT TO ACCEPT OR REJECT TENDERS/SUB-CONTRACTORS**

- .1 The Owner reserves the right to reject any or all Tenders or to accept any Tender should it be deemed in the interest of the Owner to do so. In particular, if only one Tender is received, the Owner reserves the right to reject it.
- .2 In particular, the Owner reserves both the right to reject a Tender from any person or corporation with whom the Owner is in litigation, and the right to prevent (in accordance with SGC 7) such person or corporation from performing any supply or sub-contract function on this project.
- .3 Accordingly, the Tenderer's attention is specifically directed to SGC 7 for conditions respecting the naming and use of sub-contractors. This clause may have an effect on the Owner's decision to award the Contract.
- .4 By submitting a Tender, the Tenderer acknowledges that it shall have no claim against, or entitlement to damages from, the Owner by reason of the Owner's rejection of its bid or all bids.

**IT 8. ABILITY AND EXPERIENCE OF TENDERER**

- .1 The Owner does not intend to award the Contract to any Tenderer who does not furnish satisfactory evidence that the Tenderer has the ability and experience required in this class of work and that the Tenderer has sufficient capital and plant to execute the Work successfully and to complete it in the time required by the Contract. The appropriate forms in the Form of Tender must be completed; otherwise the tender may, but shall not necessarily, be rejected as informal.

**IT 9. INFORMAL TENDERS**

- .1 Tenders which are incomplete, conditional or obscure, or which contain additions not called for, erasures, alterations or irregularities of any kind, may but shall not necessarily be rejected as informal.

**IT 10. UNBALANCED OR INCORRECT TENDERS**

- .1 The unit price quoted in the Form of Tender shall be a reasonable unit price for each item. The Owner shall be the sole judge of such matters. Any Tender considered by the Owner to be unbalanced may, but shall not necessarily, be rejected by the Owner.
- .2 When the Form of Tender requires the Tenderer to indicate the completion date or completion period, the timeframe so indicated shall be reasonable in the context of the requirements of the project. The Owner shall be the sole judge of such matters, and may consider the implications, financial or otherwise, of such indicated schedule as part of the decision to award the project or not to any Tenderer.
- .3 Where the amount for an item does not agree with the extension of the estimated quantity and the tendered unit price, the unit price shall govern and both the item amount and the total tender price shall be corrected accordingly. If both the unit price and the total price for an item are left blank, then both shall be considered a zero. If the unit price is left blank, but a total price is shown for the item, then the unit price shall be determined by dividing the total price by the estimated quantity.
- .4 Notwithstanding the values that may have been read out at the tender opening, the corrected tender values, as determined by the procedures contained herein, shall be used to establish the ranking of the Tenders.

**IT 11. PERFORMANCE SECURITY**

- ~~.1 Every Tender shall be accompanied by an "Agreement to Bond" for a 50% Performance Bond and a 50% Labour and Material Payment Bond from a Surety Company acceptable to the Owner, which will not be accepted if submitted by facsimile transmission (fax). The Surety Company must be properly licenced in Canada.~~
- ~~.2 The Performance Bond and Labour and Material Payment Bond together shall constitute the Contract Performance Security which will be required to ensure the performance of the Contract, including, without limitation, the construction, alteration, repair and maintenance of all Work provided for by the Contract.~~
- ~~.3 The Contract Performance Security shall remain in full force and effect until the end of the warranty period or until such time as the Contractor is released from the warranty period, whichever is longer.~~
- ~~.4 Failure to submit the Agreement to Bond as required above may, but shall not necessarily, result in the Tender being disqualified.~~
- ~~.5 If Bonding is required for the project, the party to whom the Contract is awarded will be required to provide the fully executed Contract Performance Security within ten (10) working days of the date of notice of award to the successful Tenderer to the address given in the Tender.~~
- ~~.6 In the absence of a specific item in the Form of Tender for the Contract Performance Security, the costs of providing the Contract Performance Security shall be deemed to be included in all of the items in the Form of Tender, and no separate payment shall be made for same.~~

**IT 12. MAINTENANCE HOLDBACK**

- ~~.1 Contractors are advised that cash will be held back throughout construction to enforce the warranty period. The value of the maintenance holdback shall be 2.5% of the contract value excluding HST.~~

- ~~.2 The maintenance holdback, which is at no time a part of the statutory holdback, shall be retained by the Owner in increments from monies that would otherwise be payable to the contractor, commencing from the first payment certificate.~~
- ~~.3 The maintenance holdback, less any deductions made, shall be paid to the Contractor following the issuance by the Engineer of the Final Certificate at the end of the period of maintenance or such a time as the Contractor is released from the warranty period, whichever is longer.~~
- ~~.4 No interest shall be paid to the Contractor for the retained maintenance security.~~
- ~~.5 If maintenance concerns following substantial completion are not dealt with in a timely manner, at the discretion of the Engineer and the Solicitor for the Owner, a separate contractor may be retained to correct the deficiencies. Payment for this work shall be deducted from the maintenance holdback.~~

### IT 13. TENDER DEPOSIT

- .1 Each tender shall be accompanied by a certified cheque in the amount of Twenty Thousand (\$20,000.00) Dollars made payable to the MUNICIPALITY OF WEST GREY, as evidence of good faith that, if awarded the Contract, the Tenderer will execute the Contract. A Bid Bond issued by a nationally recognized Bonding Company will be accepted in lieu of a certified cheque. The tender deposit of the two lowest Tenderers will be retained until after the execution of the Contract. All other tender deposits shall be returned within ten (10) business days of tender closing.
- .2 This tender deposit is provided as assurance that should the bid be accepted, a contract will be entered into for the proper performance of the work within ten (10) calendar days following written notification from the Owner to the successful bidder. Therefore, bonds are required to be valid for one hundred (100) days from date of the Tender opening.
- .3 The said tender deposit will be forfeited and surrendered to the Owner as liquidated damages sustained in case of failure to enter into a contract as described above, such amount being a fair and reasonable estimate of foreseeable losses.
- .4 When copies of the executed Contract are returned and found acceptable to the Designated Official the bid of the successful bidder; the second low bidder; and the third low bidder shall be refunded immediately.
- .5 If a Tender has be awarded and the successful low bidder fails to sign the Contract or provide the Contract bonds, cash or other acceptable collateral and other required documents within the specified time, the Designated Official may grant additional time to fulfill the necessary requirements, if in the opinion of the Designated Official, the extension does not compromise the interest of the Town or the Designated Official may recommend one of the following:
  - 1. that the Tender shall be awarded to the next low bidder
  - 2. that the Tender shall be cancelled

In the event of a time extension and documents are not received prior to the deadline of that extension, the contract will be considered null and void and the Designated Official may proceed as noted above.

### IT 14. TENDER LEFT OPEN

- .1 The Tenderer shall keep its Tender open for acceptance for **60 days** after its submission, unless its Tender has been withdrawn in accordance with IT 15.4, below.

**IT 15. DELIVERY AND OPENING OF TENDERS**

- .1 Sealed Tenders for DURHAM ROAD SUBDIVISION ELECTRICAL SERVICING will be received up to **2:00 p.m. local time on Wednesday, July 8, 2026** at the office of **the MUNICIPALITY OF WEST GREY, 402813 Grey Road 4, Durham, Ontario N0G 1R0 (519) 369-2200**, and opened publicly shortly thereafter.

- .3 Tenders shall be submitted on the supplied separate Form of Tender. The Form of Tender shall be completed in every respect, with all blanks filled in by typewriter or legibly printed in ink. Tenders must be properly signed and sealed if the Tenderer is a corporation; otherwise the Tender may, but shall not necessarily, be declared "Informal" and rejected.
- .4 Tenders may be withdrawn by written notice filed at any time prior to the opening of the first Tender.
- .5 Tenders will not be accepted if submitted by facsimile transmission (fax).

**IT 16. CONDITION PRECEDENT TO AWARD**

- .1 It is a condition precedent to the award of the Contract that the approval of the **MUNICIPALITY OF WEST GREY's Council** be obtained. Accordingly, both the award and the Contract itself will not take force and effect until such time as such approvals have been granted, notwithstanding the fact that the Owner may have indicated an intent to award the Contract and also notwithstanding the fact that, as a consequence of such indication of intent to award, all relevant Contract Documents may have been supplied and/or fully executed in anticipation of such approvals.
- .2 If the condition precedent referred to in .1 above has not been satisfied within the period for acceptance noted in IT 14, the Contractor will be free to extend such period for acceptance, or to refuse to accept the award, or to negotiate revised terms with the Owner, as the Contractor may see fit.

**IT 17. INSURANCE**

- .1 Prior to execution of the Contract, the successful Tenderer shall provide to the Owner a Certificate of Insurance or a certified copy of its Insurance Policy, in accordance with GC 6.03, as amended by SGC 11.

**IT 18. WORKPLACE SAFETY AND INSURANCE BOARD**

- .1 Prior to execution of the Contract Documents, the successful Tenderer shall provide to the Owner a letter from the Workplace Safety and Insurance Board stating that all assessments have been paid and that the Contractor is in good standing with the Workplace Safety and Insurance Board.

**IT 19. AWARD AND EXECUTION OF CONTRACT**

- .1 For the purposes of this Contract, the date of award of the Contract shall be deemed to be:
  - (a) If IT 16, "Condition Precedent to Award" applies, the date when the Owner has in writing notified the Tenderer that the Condition Precedent to Award has been satisfied; or

- (b) If no Condition Precedent to Award exists, the date when written notice of award is provided by the Owner to the Tenderer.
- .2 Notice pursuant to .1 above may be made by registered mail or by courier, in which case the date of mailing or shipping shall be deemed to be the date of award; or by facsimile transmission ("fax") or email, in which case the date of transmission shall be deemed to be the date of award.
- .3 Without limitation and to summarize the requirements of other paragraphs of the Information for Tenderers, the following documentation is required from the Contractor prior to or upon execution of the Contract:
  - (i) the Contractor's HST Registration Number (IT 3);
  - (ii) an approved list of sub-contractors (IT 7);
  - (iii) the Contract Performance Security, if required (IT 11);
  - (iv) the Proof of Insurance (IT 17); and
  - (v) the Workplace Safety and Insurance Board Certificate (IT 18).
- .4 A Tenderer to whom the Contract has been awarded will be required to execute three (3) copies of the Contract within ten (10) working days of the date of award of the Contract.
- .5 If the Tenderer refuses or fails to execute the Contract within ten (10) working days of the date of award, it will be considered that the Tenderer has abandoned all rights and interests in the Contract, and the tender deposit of the Tenderer shall be forfeited to the Owner as liquidated damages. The Owner shall, in such event, be free to award the Contract to another Tenderer or to re-tender the Work.

**IT 20. MANDATORY ON-SITE PRE-TENDER BRIEFING/TEST HOLES**
